

WE MAKE SIMPLE AND EASY SOLUTION
FOR PHOTOGRAPHY

Our mission is to open the creativity by democratizing the access to make high-quality photo and 360° images for everyone from ecommerce sellers to students, makers, bakers, hobbyists, jewelers, toy collectors, and amateurs who are just really into photography.

Founded in 2013, we has created the successful Foldio series which have raised more than \$2 million on Kickstarter.

FOLDIO SERIES

FOLDIO1

Foldio1 is perfect for taking photos of small items like glasses or toys.
It makes your daily photography hobby much more fun.

FOLDIO2

Foldio2 is the second generation of Foldio studio series. Provides more space than the Foldio1.
Suitable for taking photos of bigger items those can't fit in Foldio1, but still has portability.
Dimmable LED lighting is adopted from the Foldio2.

FOLDIO3

Foldio3 is the third generation of Foldio studio series. It becomes bigger, more powerful.
Improved at every step compared with previous versions.
Optimized for commercial product photography.
New lighting accessory, Halo bar compatible.

FOLDIO360

Foldio360 is Smart turntable that allows to create 360 images using a smartphone.
It changes the ways of time-consuming and cumbersome 360 works to one click automatic system.
