

# About the Foldio360 Extension Kit

Thanks for purchasing the Foldio360 Extension Kit. The Foldio360 Extension Kit is an accessory for the Foldio360 smart turntable. It features a larger surface area, allowing you to capture images of much larger objects, as well as an improved backdrop and reflection system for DSLR cameras.

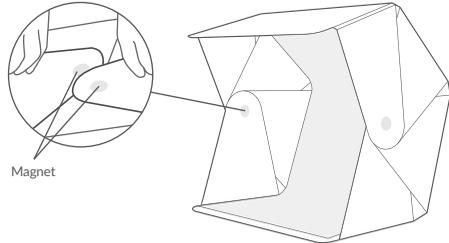

## Product Overview

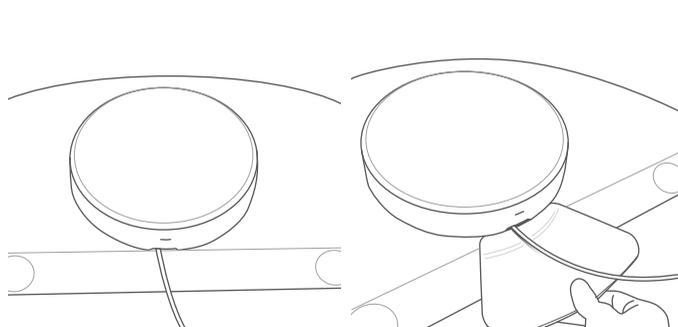

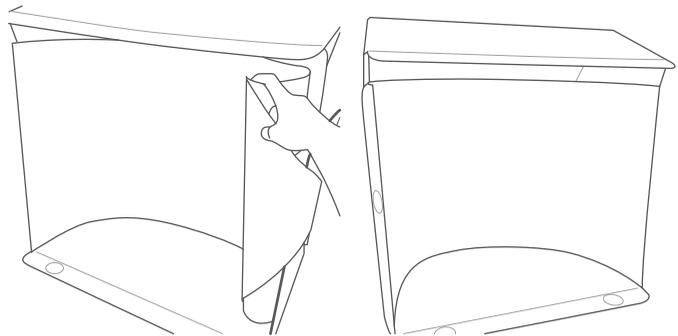

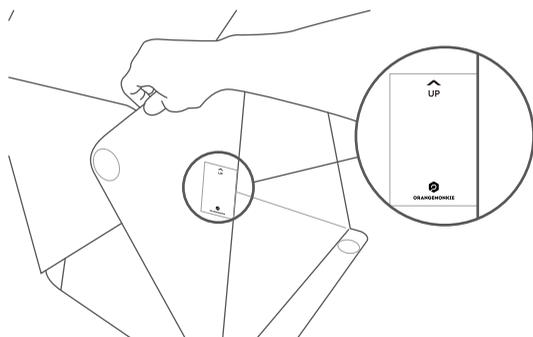

## Directions

① Set up the Foldio3 by attaching the magnets located at the wing parts of the studio together.

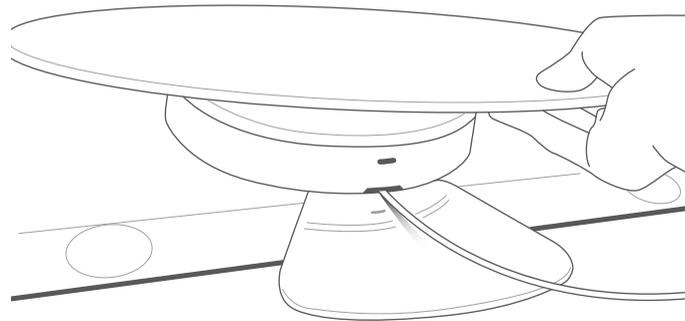

② Install the Foldio360 Extension Backdrop inside the Foldio3. Note that the Extension Backdrop must be installed with the "Up" arrow pointing up.

③ Plug in the Foldio360 smart turntable and place it inside the Foldio3 studio.

④ Set the reflector plate in front of the Foldio360 smart turntable sensor. (Only for use with DSLR camera. Not necessary for smartphone photography.)

⑤ Place the Foldio360 extension plate on the top of the Foldio360 smart turntable.

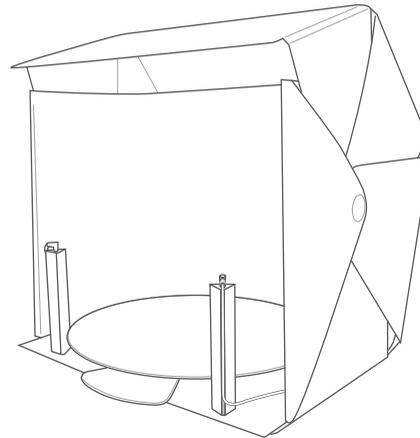

⑥ Connect your smartphone to the Foldio360 smart turntable to take photos.

## TIPS

You can place the Halo Bars (sold separately) at different areas within the Foldio3 in order to achieve better lighting. We recommend using one of the following locations:

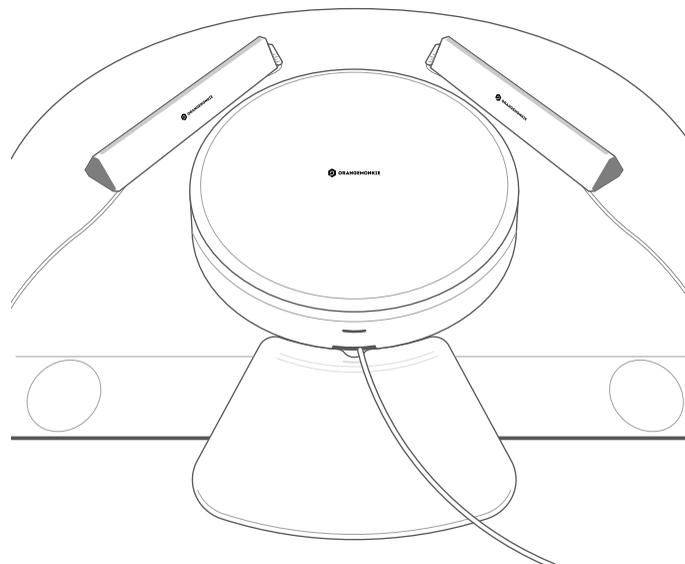

1) Front magnetic position of the subjects

To create a brighter 360° image, you stand the Halo Bars on the magnets at the front area of the Foldio3. Note that the brightness can be adjusted using the dimming control on the Foldio3 adapter.

2) Next to the Foldio360 smart turntable

This way will dramatically reduce amount of shadow cast behind the Foldio360. Adjust the brightness and monitor the effects through the lense of your smartphone or camera.

## Specifications (Compatibility and etc.)

Material	White plastic
Size	Ext Plate - 490mm x 490mm x 8mm (19.2" x 19.2" x 0.3") Backdrop - 1100mm x 500mm (43.3" x 19.6")
